GAME HIGHLIGHTS

DISCOVER AN OUT-OF-THIS-WORLD BONUS LINK!

In Gold Space, the rocket is the star of the show, blasting off to Mars or Neptune, depending on the game you choose. But what truly takes you to another dimension is the 6x5 reel bonus link round, with three upper rows —initially locked— and a final additional level that hides a second bonus: the “SPACE BONUS”. Players can unlock each level with a single UP symbol. Collect 4, and activate the SPACE BONUS, where galactic prizes or any of the jackpots await, including the MEGA and SUPER jackpots.

During the bonus link, the golden door will open, and one or more rockets will launch, each with different functions: the pink rocket, or “BOOST”, increases the prizes of all linked symbols in a row or column; the blue rocket, or “MULTIPLIER”, multiplies linked symbols

by x2, x3, x4... and up to x8!; and the golden rocket, or “JACKPOT”, awards one of the jackpots, including the MINI and MINOR. If the door closes, it stays active for the next spin, with even more rockets and prizes waiting to blast off!

AN EPIC WILD METEOR SHOWER!

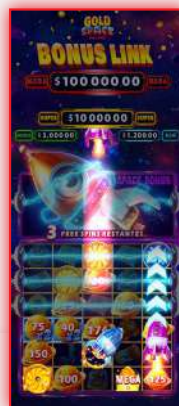

During the base game and in mystery mode, a meteor shower can trigger, turning symbols into WILDS. If more than one falls on the same symbol, it will multiply as Wild x2, x3 or x4. In the FREE GAMES round, the meteor shower intensifies, and the prizes soar to astronomical heights!
